

Dear GATE families:

Welcome back to our afterschool program for Session III!

This session the students will be writing 2 different formats: factual/informational, and creative (genre of their choice). The subject matter will be dependent on individual student choice. The students will thoroughly research their chosen topic and provide historical information about it.

They will also be compiling objects/pictures/and-or their own artistic representations of their written work.

The final product will be exhibited to parents in a "museum" at the end of the session.

Thanks for your participation.

Mrs. Cisneros
